

Housing Rehabilitation The Whitefish Housing Authority helps eligible homeowners finance repairs to their homes such as eliminating safety hazards and energy conservation improvements. The program was established by the City of Whitefish in 1998 and since 2003 managed by the Whitefish Housing Authority. This program was funded by federal, state and local grants and is now a revolving fund. Homeowners pay for the repairs by agreeing to either a loan or a lien which is repaid upon sale or transfer of the property.
